Damian Makki

Designer & front-end developer

damian@makki.pro | makki.pro

I build at the seam between design and development, with work spanning products, brands, and independent projects. Currently at Apple and running Ruckus Labs, a small design studio.

CORPORATE EXPERIENCE

Apple

Front-End Developer | 2021 - Present

Bringing design details to life through polished, carefully built interfaces.

Aya Healthcare

Senior Front-End Developer | 2018 - 2021

Translating complex requirements into clear, usable web experiences for healthcare.

Vuforia
